

Admission/Readmission Tracking: What Are the Requirements for Various Admission and Readmission Scenarios to Ohio Medicaid Certified NF's?

This course contains information which is similar to the knowledge provided in our PASRR/LOC class. Like that class, it also includes information on all of the new Ohio PASRR Rules that became effective 12/1/09. The focus here is specific to the details on the requirements for four types of Admission/Readmission to Ohio Medicaid certified Nursing Facilities. They include;

- 1. Admissions/Readmissions from the Community (Home, Apartment, Assisted Living Facility, Hospital Emergency Room, etc)**
- 2. Admissions from the Community to the Hospital and then to a Medicaid Certified NF**
- 3. Admission from one Medicaid certified NF to another Medicaid certified NF (Directly or via the Hospital)**
- 4. Admissions from Out of State to Ohio NF**

An Admission/Readmission tracking record for each scenario is examined. In addition, each admission and readmission scenario is explained in paragraph form.

**** This course is approved for 5 Social Work CEU's by the Ohio Social Worker, Counselor and Marriage & Family Therapist Board. The provider number for www.longtermcareohio.com ,Ltd is # RSX070804.**

**** New rules allow for up to 15 of the required 30 continuing education credits to be done as home study****

The information (Indicated above) will be provided to participants with a short true/false post test and an evaluation. Once the completed post test and evaluation are received, the participant will receive a certificate for 5 CEU's. Please share this information with colleagues. For questions about this study program, you can reach us at ltcoho@att.net

Although social worker CEU's are only available at this time, this course is also very helpful to Admission Directors, Discharge Planners, Billing Office Personnel, RN's, and any other individuals involved with admissions to Medicaid certified NF's. Knowing the correct process can mean increased Medicaid Dollars for your facility and a quicker more efficient admission/readmission.
